INSPIRATION IS A TWO-WAY STREET AS OUR SUPPORTERS RECEIVE AS MUCH AS THEY GIVE.

"Our family has been a part of the One Heart Uganda program since 2015 when we started sponsoring Marvin. We feel so blessed to be able to participate in this program and be part of Marvin's education funding. This program has been a life changing experience for our family, having been able to sponsor Marvin so far away and watching him grow into such a fine young man...we are so proud and happy about all he has accomplished so far. OHU has made it such a lovely and easy experience for us to participate in by providing constant student communication updates, photos, and progress reports. We are forever grateful and indebted to OHU for the wonderful experience they have provided us and for making such a meaningful impact in this world."

- Meg and Lamar Bloodworth

"We sponsored two students about 10 years ago. The annual letter writing and communications from them have been such a window into a world that my kids would otherwise never have experienced. Our students' dedication to their education, their gratitude for us, and their magical happy smiles have been a lesson and a blessing in my family's life. The amount we donate can't begin to compensate for the experience they continue to share with us. Thank you for bravely starting this organization and inviting my family the privilege of being a small part of it. I have so much faith in our students' success."

- Heather Gentile Collins

"We have loved and admired this project from its start and are so happy to remain involved. Thank you for the countless hours and dedication you have given to One Heart Uganda, and thank you for the opportunity to play a small part in furthering its work!"
